Aregbesola Paul
Front-end Developer

I am dedicated to bringing designs to life through clean and efficient code. With expertise in HTML, CSS, JavaScript and React, I create responsive designs that deliver a seamless user experience. I am a proactive team player who values collaboration and is committed to delivering high-quality work on time and on budget.

Work Experience

Graphics Designer
Dec Design, Lagos, Nigeria
November 2020 - August 2022

- Designed and produced visual assets including logos, icons, and marketing materials for both print and digital channels.

- Worked collaboratively with cross-functional teams, including marketing, product, and development, to create cohesive and visually compelling branding and marketing campaigns.

- Developed and maintained brand guidelines, ensuring consistency across all marketing collateral and product interfaces.

- Actively participated in design critiques and provided constructive feedback to team members.

Projects

Loko's Food   **React js**
